FIRST AID

GARGAARKA DEGDEGGA AH

This booklet contains information and guidelines for providing first aid in an emergency. It cannot cover every situation, so the guidance is of a general nature. The suggested behaviours and measures must be applied taking account of:

- local requirements;
- available resources;
- effective local practices, if any; and
- access to and the capacity of further care.

The ICRC therefore declines all responsibility in the event that the recommendations do not correspond to the best course of action in a given situation.

First aid is the first essential help given in an emergency in order to preserve life, prevent further injury or illness and relieve suffering in order to contribute to recovery. These objectives should be achieved:

Wuxuu buug-yaraahaani xambaarsan yahay warar iyo tilmaamo ku saabsan sida gargaar degdeg ah loo bixiyo xilliga xaaladaha degdegga ahi ay jiraan. Buuggu xaalad kasta ma doboli karo, sidaas daraaddeed, tilmaamaha ku jiraayi waa kuwo guud ahaaneed. Waa in siday yihiin loo fuliyo hab-dhaqannada iyo tallaabooyinka buugga lagu soo jeedinaya; iyada oo maanka lagu hayo:

- Waxyaalaha degaanka la joogo uu u baahan yahay;
- kaabeyaasha la heli karo;
- dhaqammada wax-ku-oolka ah ee degaanka, haddii ay jiraan, iyo
- Helitaanka daryeel dheeraad ah iyo awoodda uu leeyahay.

Sidaas darteed, ICRCda masuuliyad kama saarna haddii talooyinka buugga ku xusan iyo xaalada markaas taagan ay iswaafaqi waayaan.

Gargaarka degdegga ahi waa kaalmada ugu horraysa, uguna muhimsan oo la bixiyo marka

- without harm, either physical or psychological, to yourself, to the casualty or to others; and
- within your limits, be they emotional, physical, technical or material.

Your ability to manage an emergency and to care for a wounded or sick person safely and effectively (beyond just treating the injury or condition) can be enhanced by seeking the assistance of others present at the scene and by using resources available on the spot.

ay xaalad degdeg ah jirto, waxaana looga dan leeyahay si naf loo bedbaadiyo ama dhaawac hor leh iyo cudur looga hortago ama xanuun jira lagu yareeyo, si ka-soo-kabashada dhibta gacan looga geysto. Ujeeddooyinkaas waa in ay meel-maraan:

- Adiga oo naftaada aan u geysan dhib xagga oogada ah ama mid nafsadeed ah, isla markaasna aan waxyeellayn dhaawaca iyo dadka kale intaba; iyo
- Awoodda aad leedahay in aad hawsha ku qabato, awooddaasi ha ahaato mid caaddifadeed, mid oogo, mid farsamo ama mid qalab.

Sometimes, further care may be required. In those cases, the casualty will need to be transported in a safe and timely manner to an appropriate care provider.

You can save lives
(or help to do so)
by acting immediately,
safely and humanely

We urge you to take a first-aid course. Contact the ICRC delegation or the National Red Cross or Red Crescent Society in your country to find out if they offer such courses or other support that will help boost your confidence and refresh/ enhance your skills. In this way you will be better able to act safely, humanely and effectively in an emergency.

In time of war, certain rules must be observed, even with regard to the enemy. These rules are set out mainly in the four Geneva Conventions of 1949 and their three Additional Protocols of 1977 and 2005. These rules must be respected by all parties fighting in the war.

As at July 2015, 196 States are party to the four Geneva Conventions, 174 party to Additional Protocol I, 168 party to Additional Protocol II and 72 party to Additional Protocol III.

These treaties are founded on the idea of respect for the individual and his/her dignity. Persons not taking a direct part in the fighting and those no longer taking part because of sickness, injury, captivity, or any other cause, must be respected and protected against the effects of war; those who suffer must be aided and cared for without

Waxaa jirta xirmo qawaaniin ah oo ay qasab tahay waqtiga dagaalka in la dhawro, cadowga qudhiihana ay tahay in lagu maamulo. Halka ugu badan ee qawaaniintaas laga heli karaa waa afarta Axdi ee Jineefa (1949) iyo Baratakooladooda Dheeriga ah ee soo baxay 1977kii iyo 2005kii. Dhammaan dhinacyada dagaalka ku jira waa in ay ixtiraamaan xeerarkan.

Laga soo bilaabo Luulyo 2015kii, waxaa jira 196 Dawladood oo xubin ka ah Afartii Axdi ee Jineefa, 174 qayb ka ah Baratakoolka Dheeriga ah ee 1d, 168 qayb ka ah Baratakoolka Dheeriga ah ee 2d iyo 72 qayb ka ah Baratakoolka 3aad.

The four Geneva Conventions protect the following categories of persons:

- wounded and sick members of the armed forces in the field and medical personnel (Convention I);
- wounded, sick and shipwrecked members of the armed forces at sea (Convention II);
- prisoners of war (Convention III);
- civilians in the power of the enemy or in an occupied territory (Convention IV).

Article 3 common to all four Geneva Conventions, which regulates internal conflicts, provides for the humane treatment of all persons who are not or no longer taking part in the fighting. In

kale waa in la xurmeeyo, lagana bedbaadiyo waxyeellada dagaalka. Kuwa dhibban waa in la gargaaro, lana xannaaneeyo; iyada oo aan la kala soocin. Dhawris gaar ahaaneed waa in loo fidiyo hawladeennada caafimaadka, isbitaallada, gaadiidka caafimaadka iyo, sidoo kale, shaqaalaha, dhismeyaasha iyo qalabka Laanqayrta Cas/Bisha Cas.

Afarta Axdi ee Jineefa waxay ilaalliyaan kooxaha dadka ah ee soo socda:

- dhaawaca iyo bukaannada xubnaha ka ah ciidamada hubaysan ee goobta dagaalka ku sugar iyo hawladeennada caafimaadka (Axdigra I);
- dhaawaca, bukaanka iyo kuwa ay maraakiibtu badda kula jabto ee ciidammada qalabka sida ka tirsan (Axdigra II);
- maxaabista dagaalka (Axdigra III);

particular, Article 3 prohibits inhuman treatment, hostage-taking, torture and arbitrary executions and stipulates that trials must afford all judicial guarantees. Protocol I and Protocol II regulate in greater detail international and internal conflicts respectively.

During hostilities, a distinction must be made between civilians and civilian objects and military objectives.

- dadka rayadka ah ee gacanta ugu jira cadowga amaba ku nool dhulka xoogga lagu qabsado (Axdiya IV).

Qodobka 3-aad ee dhammaan afarta Axdi ee Jineefa ka siman yihiin oo ka hadlaya colaadaha gudaha, wuxuu sheegayaa in si aadminnimo leh loola dhaqmo giddi inta aan dagaalka ku jirin. Gaar ahaan wuxuu qodobkaasi u rramnuucayaa dhaqan kasta oo ka baxsan aadminnimada, qafaalashada, jir-dilka, khaajinta sharciga ka baxsan, wuxuuna dhigayaa in maxkamadayntu ay yeelato sharciyad buuxda. Baratakoolkha Id iyo kan II ayaa si faahfaahsan u kala nidaaminaaya colaadaha caalamiga ah iyo kuwa gudaha labadaba.

Xilliga ay colaaduhu aloosan yihiin, waxaa qasab ah in la kala saaro dadka iyo bartilmaameedyada rayidka ah iyo kuwa ciidanka.
